Email: priyanshut1885@gmail.com
Mobile: +91-7876725396

Skills

- **Languages**: C, C++, JavaScript, Python
- **Frontend Development**: React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Design
- **Backend Development**: Node.js, Express.js, RESTful APIs, Authentication and Authorization (JWT), MVC Architecture
- **Database and its Management:** MongoDB, MySQL, SQL, Data Modeling, CRUD operations
- **Tools and Deployment**: Git, GitHub, Postman, Render, Version Control
- **Core Computer Science:** Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
- **Soft Skills**: Problem-Solving, Learning Agility, Adaptability, Teamwork, Communication

Projects

Expense Tracker – Personal Finance Management App | Github | Link May 2025 – Aug 2025

- Developed a full-stack expense tracking platform to help users record, categorize, and monitor daily spending with real-time accuracy and practical budget visibility.
- Integrated secure authentication with a demo login, interactive charts for visual insights, and a responsive interface optimized for smooth CRUD operations and seamless usage across devices.
- Improved user experience with advanced filters, category-wise analysis, and monthly summaries, resulting in streamlined navigation, better tracking efficiency, and consistent engagement with 100+ monthly user interactions
- Enhanced usability with filters, category-wise breakdowns, and monthly summaries to help users monitor budgets effectively.

  Tech stack: React.js, JavaScript, Node.js, Express.js, MongoDB, Tailwind CSS, Chart.js, Render

Travel Mate– Travel Management Platform | Github | Live Jan 2025 – Mar 2025

- Built a trip-management platform to help users plan, organize, and manage trips efficiently, including destinations, schedules, and budgets in one place.
- Implemented core features such as trip creation, itinerary planning, expense tracking, and day-wise activity management for a smooth travel planning experience.
- Developed secure and scalable RESTful APIs for user authentication, trip data management, expense records, and itinerary update.
- Enabled users to plan complete trips end-to-end within a single platform, eliminating the need for multiple tools and manual tracking.

  Tech stack: React.js, JavaScript, Node.js, Express.js, Tailwind CSS, MongoDB, Geolocation API

Training

Techvanto Academy – DSA with OOPs | Link June 2025 – July 2025

- Developed strong problem-solving skills by practicing core Data Structures and Algorithms in C++, including arrays, linked lists, stacks, queues, trees, graphs, and dynamic programming.
- Gained hands-on experience in applying Object-Oriented Programming concepts such as inheritance, polymorphism, encapsulation, and abstraction to structure clean, modular, and optimized code for real-world problems.

Certificates

- NPTEL - Cloud Computing online certification | **Link** Oct 2025
- Infosys - Master Generative AI & Generative AI tools(ChatGPT & more) **Link** Oct 2025
- Techvanto Academy - Live Internship in Data Structures & Algorithms | **Link** July 2025

Achievements

- Achieved peak LeetCode contest rating of 1554, demonstrating strong competitive programming ability. Aug 2025
- Solved 200+ algorithmic problems across LeetCode, GFGs, and HackerRank, strengthening expertise in DSA June 2025
- Earned 5-star rating in C++ on HackerRank for consistent coding performance. Nov 2024

Education

Lovely Professional University Punjab, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.9*** *Aug' 2023 - present*

Aadharshila Sr Sec School Palampur, Himachal
Intermediate; ***Percentage: 75.6*** *May' 2022 – Mar' 2023*

Aadharshila Sr Sec School Palampur, Himachal
Matriculation; ***Percentage: 88.4*** *May' 2020 – Mar' 2021*
